

Manufacturing

Case Study.

Architectural Floors is recognized as the experts in Occupied Space Flooring Replacement because of our in-house labor for both floor covering and furniture relocation. Architectural Floors provides single source accountability when using our moving division, Business On The Move. Architectural Floors has completed work in over 1,000 similar projects. Architectural Floors can guarantee both time line and cost when pricing your project.

OVERVIEW:

- 3,800 sf. Office Space
- Existing Epoxy Flooring had failed in certain areas. Lifting and bubbling had occurred.
- Occupied Space with both traditional and modular furniture.

CHALLENGES:

The office is adjacent to the manufacturing plant and is occupied M-F 9-5:00. AFOC was tasked with working around the busy schedule of our client during business hours with minimal disruption to their daily routine.

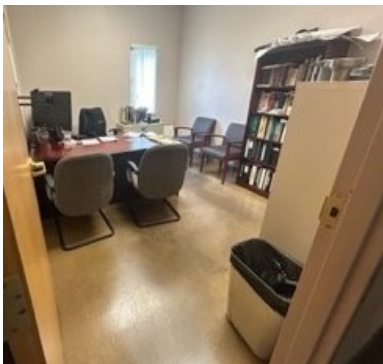

- **Move and lift Occupied Space furniture and file cabinets**
- **Remove failed epoxy where required**
- **Condition floor to receive new 5 mm Luxury Vinyl Tile (LVT)**
- **Coordinate work around 15 employees**

OBJECTIVE:

- Provide professional craftsmanship in a timely manner
- Work with the right partners:
 - ◇ Architectural Floors of Cleveland was brought in to provide a durable product that would withstand the heavy foot traffic from the factory while providing an up to date design. All while utilizing our in house moving company to handle the furniture during the installation.
 - ◇ Business on the Move, a division of Architectural Floors, to lift all cubicle furniture in order to replace carpet
 - ◇ Milliken supplied a tried and tested product Fortified Foundations 5 mm to add comfort, durability, sound absorption, and design to the factory office.

END RESULT:

- Viking Forge received a new floor while remaining open for business with minimal disruption to their routine.
- Low maintenance flooring allows for a healthy environment for the Viking Forge Staff.
- Installation took place during the regular work week with minimal impact on Viking Forge's ability to service their client.

FINAL THOUGHTS:

Bringing in Architectural Floors of Cleveland early to budget, plan and implement such an important project, ensured Viking Forge a first in class upgrade to their office. Complimenting the new office furniture, Milliken LVT enhances the office environment which can raise morale and improve employee performance.
